

# 100 COATS

## Ward 8 Children's Winter Coat Giveaway

### OUR COMMUNITY

is our responsibility. **Did you know 42% of Black Children live extremely below the poverty line in Washington D.C., Ward 8? More than half of these children live with families facing high housing cost burdens and parents earning 4x less than white residents in the same Ward!**

Children subjugated to living in these conditions are at higher risk to experience bullying, develop low self-esteem and resort to violence in order to provide for themselves and their families. As the Holiday Season approaches @selfloveisbaeshop is calling on you, calling on the the community and positioning itself as a resource provider to assist in combating these injustices! We will be accepting new/gently worn newborn-young adult Coat donations 11/1-12/23 via Amazon and drop off donatons.

**Systematic disparity like gentrification, housing insecurity and unemployment prevent many households from providing children with the most basic necessities for survival like Coats.**
